CLIENT Apparel

SI and VM work.

For both male and female clients for please come prepared to work in very light running gear. Women clients preferably are to wear halter tops or lightweight elastic sportsbra that allows direct access to the clients fascial tissue easily by therapist. Body landmarks such as ankles, knees, umbilicus, the costal arch of ribcage and spine clearly need to be visible for assessment purposes each session. During each session Clients will be frequently getting up off of the table so it best to come prepared for movement.

Massage.

Clients should dress down to their comfort level knowing that they will be appropriately draped at all times through the use of massage linens.
